PROXY STATEMENT

The accompanying proxy is solicited on behalf of the Board of Directors of ABM Industries Incorporated, a Delaware corporation (the "Company"), for use at the Year 2000 Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held at The World Trade Club, 3rd Floor, Ferry Building, The Embarcadero, San Francisco, California 94111, at 10:00 a.m. on March 21, 2000, and at any adjournments of the Annual Meeting, for the purposes set forth in the accompanying notice.

Only stockholders of the Company at the close of business on the record date of January 31, 2000 will be entitled to vote at the Annual Meeting. At the close of business on that date, there were outstanding 22,338,157 shares of Common Stock of the Company, and 6,400 shares of Preferred Stock of the Company.

Each share of Common Stock and each share of Preferred Stock is entitled to one vote upon each of the matters to be presented at the Annual Meeting.

A majority of the Company's outstanding shares as of the record date must be present at the meeting in order to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if: (a) the stockholder is present and votes in person at the meeting or, (b) has properly submitted a proxy card. Abstentions and broker non-votes are counted as present in determining whether the quorum requirement is satisfied. With regard to the election of directors, votes may be cast "For" or "Withhold Authority"; votes that are withheld will be excluded entirely from the vote and will have no effect.

If the enclosed form of proxy is properly signed and returned, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented are to be voted, the proxy holders will vote the shares "For" the election of the nominees as director and in their discretion on other matters. Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to or at the Annual Meeting. A proxy may be revoked by written request delivered to the Secretary of the Company stating that the proxy is revoked, by a subsequent proxy signed by the person who signed the earlier proxy, or by attendance at the Annual Meeting and voting in person.

The expense of soliciting proxies in the enclosed form will be paid by the Company. Following the original mailing of the proxies and soliciting materials, employees of the Company may solicit proxies by mail, electronically or personally. The Company will request brokers, custodians, nominees and other record holders to forward copies of the proxies and soliciting materials to persons for whom they hold shares of the Company's Common Stock or Preferred Stock and to request authority for the exercise of proxies; in such cases, the Company will reimburse such entities for their reasonable expenses.

This Proxy Statement and the accompanying proxy were first sent to stockholders on or about February 14, 2000.

ITEM 1 -- ELECTION OF DIRECTORS

The Company's Certificate of Incorporation divides the Board of Directors into three classes, with each class serving a three-year term. Currently, the total number of directors comprising the Board of Directors is set by the Company's Bylaws at nine. Four members of the current Board of Directors have terms expiring at this Annual Meeting of stockholders, three have terms expiring at the 2001 Annual Meeting, and two have

4

terms expiring at the 2002 Annual Meeting. Under the terms of its Certificate of Incorporation, the Company is required to adjust the classes of directors at the time of the Annual Meeting so that they are as nearly equal in number as possible. Accordingly, the Board of Directors has nominated the directors listed in the table below to serve for terms ending as shown opposite their respective names, or until their successors have been elected and qualified.

In the absence of instructions to the contrary, shares represented by the accompanying proxy will be voted "For" the election of the nominees recommended by the Board of Directors, who are named in the following table. The nominees receiving the highest number of votes in each class will be elected. If a stockholder withholds authority to vote for one or more of the nominees, such stockholder's shares will be counted for purposes of determining whether a quorum is present at the Annual Meeting but will have no effect on the outcome of the election.

The Company has no reason to believe that the nominees for election will be unable or unwilling to serve if elected as directors. However, if any such nominee is unable or unwilling to be a candidate for the office of director at the date of the Annual Meeting, or any adjournment thereof, the proxy holders will vote for such substitute nominee as they shall in their discretion determine.

The Nominating, Governance & Succession Committee will consider nominees recommended by stockholders. The Company's Bylaws provide that stockholders intending to nominate candidates for election as directors at an Annual Meeting of Stockholders must give the prescribed notice to the Secretary of the Company at least 60 days prior to the first anniversary of the mailing of the Proxy

Statement in connection with the previous year's Annual Meeting. No such notice has been given with respect to this year's Annual Meeting.

The following table contains certain information concerning the nominees and the Company's other directors which is based on data furnished by them.

MEETINGS AND ATTENDANCE

During the fiscal year ended October 31, 1999, the Board of Directors met six times, the Executive Committee met 24 times, the Audit Committee met four times, and the Executive Officer Compensation and Stock Option Committee met three times. During this period, the only directors who attended fewer than 75% of the total number of meetings of the Board and Committees of which he or she was a member were Linda Chavez and William E. Walsh.

COMPENSATION OF DIRECTORS

During the Company's fiscal year ended October 31, 1999, Directors who are not employees of the Company ("Outside Directors") were paid retainer fees of \$24,000 per year and \$2,000 for each Board or Committee meeting attended. Outside Directors who serve as chairpersons of the standing committees received an additional retainer fee of \$2,000 per year. Pursuant to the terms of the Company's "Time-Vested" Incentive Stock Option Plan adopted in 1987, as amended, each Outside Director also receives an annual grant of stock options in the amount of 5,000 shares of Common Stock on the first day of each fiscal year.

Since June of 1992, the Company has entered into Director Retirement

Benefit Agreements with all Outside Directors. These agreements provide that, upon the retirement of such Outside Directors, the Company will pay them the monthly retainer they were receiving at the time of their retirement (subject to a 10% reduction for every year of service as an Outside Director less than ten) for a maximum period of ten years. Upon or after attaining the age of 72 years, the retired Outside Director may elect to receive such payment monthly, or in a lump sum discounted to present value at the time of such election. Outside Directors under the age of 72 years who retire with fewer than five years of service as Outside Directors, however, are not entitled to any benefits under these agreements. The Company has also entered into Director Indemnification Agreements with each of its Directors. These agreements, among other things, require the Company to indemnify its Directors against certain liabilities that may arise by reason of their status or service as directors, to the fullest extent provided by Delaware law.

Theodore Rosenberg, a director of the Company, retired as an officer and employee of the Company in 1989. Upon his retirement as an officer and employee, the Company began and has continued making payments of \$8,333.33 per month for ten years pursuant to his previous employment contract with the Company. In addition, Theodore Rosenberg provides consulting services to the Company on a month-to-month basis, for which services he received a fee of \$8,333 per month. The late Sydney J. Rosenberg retired as a director, officer and employee of the Company in December of 1997. Upon his retirement, the Company began and has continued making payments of \$8,333.33 per month to Sydney J. Rosenberg or his estate for a period of ten years pursuant to his previous employment contract.

During the last fiscal year, no stock options were granted to the executive officers named in the foregoing Summary Compensation Table. The following table sets forth certain information regarding options exercised and owned by such executive officers.

(2) Includes stock options granted under the 1984 Plan, 50% of which vest upon the optionee's 61st birthday and 50% of which vest upon the optionee's 64th birthday; stock options granted under the 1987 Plan, which vest at a rate of 20% per year commencing one year after the date of grant; and stock options granted under the 1996 Plan which vest according to a schedule based on the price of the Company's Common Stock.

(3) The value of unexercised in-the-money options equals the difference between the stock option exercise price and \$23.875, the closing price of the Company's Common Stock on the New York Stock Exchange on October 29, 1999 (the last day of trading for fiscal year 1999), multiplied by the number of shares underlying the stock option.

SERVICE AWARD BENEFIT PLAN

The Company's Service Award Benefit Plan became effective on November 1,

1989. This plan is an unfunded "severance pay plan" as defined in the Employee Retirement Income Security Act of 1974, as amended. All qualified employees, as defined in said Service Award Benefit Plan, earning more than the Internal Revenue Service determination of a highly compensated individual as determined each calendar year

6

9

(currently over \$80,000), are eligible for benefits under the plan. The Company has a separate 401(k) and Profit Sharing Plan (the "401(k) Plan") for all qualified employees, as defined in said 401(k) Plan, who earn less than such amount. The Service Award Benefit Plan provides that, upon termination, eligible employees will receive seven days pay for each full calendar year of employment subsequent to December 31, 1991. The Company, at its discretion, may also award additional days each year. The amount of the payment is based on the average annual compensation, up to a maximum of \$175,000, received by the employee in the current calendar year and the two calendar years preceding termination. The amount of the payment under the plan, together with any other severance pay paid to the employee, cannot exceed two times the compensation received by the employee in the 12-month period preceding the termination of employment. If employment terminates before the employee has been employed for five years, except in the case of death, disability or normal retirement of the employee, or if the employee is terminated for cause (such as theft or embezzlement), such employee forfeits any benefits payable under the plan. Following termination, eligible employees will receive their payments under the plan in two equal installments. Executives, managers and salespersons of the Company will receive their first payment in the eleventh month following termination and the second payment no later than the last day of the twenty-third month following termination. Other eligible employees will receive their first payment as soon as administratively possible following termination and their second payment in the thirteenth month following termination. The payment schedule may be waived for employees who terminate employment after reaching age 62, or if termination results from death or total disability.

EMPLOYMENT AGREEMENTS

The Company has entered into written employment agreements with all of its executive officers, including the five executive officers named in the Summary Compensation Table. Written employment agreements that would have expired on October 31, 1999, if any, were extended and otherwise amended as of November 1, 1999, and provide for annual salaries (in the following amounts for fiscal 2000: \$632,942 for William W. Steele; \$424,840 for Martinn H. Mandles; \$401,322 each for John F. Egan and Henrik C. Slipsager, and \$355,059 for Jess E. Benton), annual bonuses based on pretax profits, plus other customary benefits including, but not limited to, participation in the Company's group health, disability and life insurance programs. The Company also provides all of its executive officers with certain other perquisites, such as Company-provided automobiles or car allowances, an executive group health plan, club memberships and dues, and incidental personal benefits.

The written employment agreements include several significant restrictions on increases in annual salary and on payment of annual bonuses that are set forth in the Executive Officer Compensation & Stock Option Committee Report on Executive Officer Compensation that follows.

These written employment agreements also provide that upon an executive officer's retirement from full time employment with the Company at or after reaching age 65 or in certain other specified events, the Company will pay them or their respective estates consulting fees in the amounts of, (i) for William W. Steele, \$693,333, plus \$76,666 times the number of years of Mr. Steele's employment with the Company after November 1, 1996; (ii) for Martinn H. Mandles, \$500,000; (iii) for John F. Egan, \$471,428, plus \$42,857 times the number of years of Mr. Egan's employment with the Company after November 1, 1994; and \$250,000 each for Henrik C. Slipsager and Jess E. Benton, III. Unless earlier terminated, or later extended pursuant to their term, these employment agreements continue until October 31, 2000 for each of the above-named executive officers.

MANAGEMENT INDEBTEDNESS

During fiscal 1984, John F. Egan relocated his personal residence from Illinois to California in connection with his employment by the Company. As a condition of his relocation, the Company loaned Mr. Egan \$575,000 for the

purchase of a personal residence in California. This loan is secured by a deed of trust on the residence. The loan, which initially contained a shared appreciation provision, accrued interest at the rate of 3% per annum from August of 1987 until July of 1989, and 4% per annum from August of 1989 to December 31, 1991. Effective January 1, 1992, the loan was amended to terminate the shared appreciation

7

10

provisions and to provide an interest rate of 6% per annum. The maturity date of the loan had been extended to August 1, 2000. However, on January 21, 2000 Mr. Egan paid off the outstanding balance of \$489,887.

EXECUTIVE OFFICER COMPENSATION & STOCK OPTION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Maryellen B. Cattani, Henry L. Kotkins, Jr. and William E. Walsh currently serve as members of the Executive Officer Compensation & Stock Option Committee of the Board of Directors. They have no relationships with the Company other than as directors and stockholders. During fiscal 1999, no executive officer of the Company served as a director, or as a member of the compensation committee, of any other for-profit entity other than subsidiaries of the Company.

EXECUTIVE OFFICER COMPENSATION & STOCK OPTION COMMITTEE REPORT ON COMPENSATION

February 1, 2000

To the Board of Directors:

Introduction. Based upon its evaluation of the performance of both the Company and its executive officers, and subject to existing employment contracts, the Executive Officer Compensation & Stock Option Committee reviews and recommends to the Board of Directors the compensation and other terms and conditions of employment for all fourteen executive officers of the Company, who are: the President and Chief Executive Officer; the Chairman of the Board and Chief Administrative Officer; two Executive Vice Presidents, four Senior Vice Presidents (including the Chief Financial Officer); and six Vice Presidents (including the Controller and Chief Accounting Officer; and the Treasurer).

Compensation Program. Because the Company is primarily a service business, the leadership of its executive officers is crucial to the Company's growth and prosperity. It is the Committee's goal that the policies underlying the Company's executive compensation programs support the Company's ultimate goal of enhancing stockholder value by providing services to customers at a profit to the Company. Each executive officer is compensated through a combination of annual salary and bonus, plus stock option grants from time-to-time. Subject to the terms and conditions of the written employment contracts described below, the Committee reviews the overall compensation of the executive officers primarily by evaluating their past performance, expectations as to their future performance, the Company's profitability and other factors such as length of service to the Company.

To assist in its review, the Committee retains, from time-to-time, the services of an independent executive compensation consulting firm to evaluate the Company's cash compensation of its executive officers. The consultant helped to design the current compensation program and confirmed that this program was competitive with companies of similar size and performance. Based upon the results of the evaluation undertaken by its consulting firm, the Committee believes that the Company's cash compensation program for its executive officers in general, and the individual cash compensation of the Company's executive officers in particular, are fair and reasonable. Through the consistent and fair application of its executive compensation program, the Company believes it will be able to recruit, incentivize and retain executives who are best able to contribute to the overall success of the Company, including the Company's ultimate goal of enhancing stockholder value.

Annual Salaries and Bonuses. The Company has entered into written employment agreements with all fourteen of its executive officers which set forth the compensation and other terms and conditions of their employment with the Company. Under these written employment agreements, each executive officer receives cash compensation in the form of an annual salary, plus an annual bonus that is related directly to the profit before taxes of the Company on a consolidated basis or the division(s) of the Company for which that executive

officer is responsible.

For the Company's executive officers to be entitled to receive an increase in annual salary under their written employment agreements, the Company's earnings per share for each fiscal year must equal or exceed the Company's earnings per share for the previous fiscal year, in which case the annual salaries are increased

8

11

by an amount equal to the percentage change in the American Compensation Association Index for the Western Region to a maximum of 6% per year.

The annual bonus of each executive officer is either a percentage of profit for the current fiscal year, or it is a percentage of both the profit for the current fiscal year and any increase in profit over the previous fiscal year. All such bonuses are calculated and earned only after completion of the Company's annual audit. However, for any of the Company's executive officers to receive an annual bonus under the written employment agreements, the Company's annual earnings per share for any fiscal year after 1995 must exceed 80% of the Company's earnings per share for the previous fiscal year. The Committee views the annual bonus as an important part of the overall compensation of each executive officer because it provides each of them with a material stake in the financial performance of the Company and/or the division(s) of the Company for which they are responsible. The members of the Executive Officer Compensation & Stock Option Committee expect that such bonuses will represent a significant portion of an executive officer's annual salary if the Company and/or the applicable division(s) achieve their projected income. Accordingly, a portion of the compensation of each executive officer is related directly to the Company's profitability and, therefore, to the Company's ultimate goal of enhancing stockholder value.

Prior to the expiration of a written employment agreement between the Company and an executive officer, the Committee will evaluate the compensation of that officer in accordance with the executive compensation program described above, focusing on motivating that officer to attain corporate and individual performance objectives.

Other Compensation. The Company's executive officers are also eligible to participate in compensation and benefit programs generally available to other employees, including, but not limited to, the Company's group health, disability and life insurance programs. In accordance with the terms and conditions of the written employment agreements, the Company also provides its executive officers with certain perquisites, such as Company-provided automobiles or car allowances, an executive group health plan, club memberships and dues, and incidental personal benefits.

Basis for CEO Compensation. The Chief Executive Officer's cash compensation for fiscal 1999 was determined by such officer's employment contract. The Chief Executive Officer's compensation is evaluated in accordance with the factors and criteria used to evaluate all executive officers and is subject to the same limitations described above.

IRS Section 162(m). The Company does not expect the deductibility limit of Section 162(m) to have a material effect on the Company because cash compensation paid to each of the Company's executive officers currently is less than \$1,000,000 per year, except with respect to William W. Steele, the Company's President & Chief Executive Officer, whose fiscal 1999 cash compensation exceeded \$1,000,000 by an amount less than Mr. Steele's contribution to the Company's Deferred Compensation Plan. Consequently, the Company did not lose any part of its federal income tax deduction for Mr. Steele's compensation. In addition, the Company believes that non-qualified stock options granted under the Company's stock option plans are exempt from the deductibility limitation because such options have been qualified as "performance-based" compensation under Section 162(m). Incentive stock options granted under the Company's stock option plans generally do not entitle the Company to a tax deduction without regard to Section 162(m).

EXECUTIVE OFFICER COMPENSATION & STOCK OPTION COMMITTEE REPORT ON STOCK OPTIONS

February 1, 2000

To the Board of Directors:

The Executive Officer Compensation & Stock Option Committee administers the Company's stock option plans and authorizes grants thereunder. The Company's stock option plans provide executive officers and other employees with an opportunity to purchase a proprietary interest in the Company and thus encourage them to become and remain employed by the Company. The Committee views the granting of stock options and the ownership of stock as important mechanisms for relating overall compensation of executive officers and other employees directly to the Company's ultimate goal of enhancing stockholder value. During fiscal 1999, the Committee approved stock options for 19 newly-hired or recently promoted employees to purchase a total of 75,000 shares under the "Age-Vested" Career Stock Option Plan adopted in 1984, as amended; and approved stock options for 168 newly hired or recently promoted employees to purchase of total of 90,600 shares under the "Time-Vested" Incentive Stock Option Plan adopted in 1987, as amended. During fiscal 1999, no stock option grants were approved under the "Price-Vested" Performance Stock Option Plan adopted in 1996.

In determining the number of stock options to be granted to employees, the Committee considers each employee's responsibility and performance, the Company's overall profitability, the aggregate number of such stock options that had been granted in recent years, and other factors such as length of service to the Company.

PERFORMANCE GRAPH

Set forth below is a graph comparing the five-year cumulative total stockholder return on the Company's Common Stock with the five-year cumulative total return of, (a) the Standard & Poor's 500 and (b) a peer group of all companies that, like the Company, (i) are currently listed on the New York Stock Exchange, (ii) have been publicly-traded for at least five years and (iii) have a market capitalization of \$525 million to \$550 million (based on the most recent publicly available number of shares outstanding on December 31, 1999 and the closing price of such shares on that date). The peer group consists of the following companies, in addition to the Company: Atwood Oceanics, Bandag, C & D Technologies, China Eastern Airlines, Crown Pacific Partners, E'Town, Energen, Hanna (MA), Hayes Lemmerz International, Home Properties New York, Indiana Energy, Industrias Bachoco, JDN Realty, Jefferies Group, Kellwood, McDermott International, Metso, MFS Charter Income Trust, Moore Corporation, Northern Border Partners, Russ Berrie, Sigcorp, Simpson Manufacturing, SL Green Realty, Standard Register, Total Renal CareHoldings, Tricom, Vina Concha y Toro, Walden Residential Properties, Walter Industries, Washington REIT.

The market capitalization criteria for selecting companies to be included in the peer group differs from last year's proxy statement because of the change in the market capitalization of the Company between December 31, 1998 and December 31, 1999. Last year's peer group consisted of the following companies that, like the Company, had market capitalizations of \$625 to \$650 million at December 31, 1998: AAR, Ackerley Group, Baker Fentress, Ballard Medical Products, CBL & Associates Properties, Credicorp, F & M National, Muniyield Fund, Newpark Resources, Omega Healthcare Investors, Overseas Shipholding Group, Pilgrims Pride, Sierra Health Services and Smucker (JM).

The Company does not believe it can reasonably identify a peer group of

companies on an industry or line-of-business basis for the purpose of developing a comparative performance index. The facility services industry is highly fragmented, primarily consisting of privately-owned businesses that provide a limited range of services on a local or regional basis. While the Company is aware that some other publicly-traded companies market services in one or more of the Company's nine lines-of-business, none of these other companies provide most or all of the services offered by the Company, and many offer other services or products as well. Moreover, some of these other companies that engage in one or more of the Company's nine lines-of-business do so through divisions or subsidiaries that are not publicly-traded and/or reported. For all of these reasons, no such comparison would, in the opinion of the Company, provide a meaningful index of comparative performance.

The comparisons in the graph shown are based on historical data and are not indicative of, or intended to forecast, the possible future performance of the Company's Common Stock.
