ABM Named One of America's Best Places to Work in Healthcare by Modern Healthcare

NEW YORK, June 29, 2018 (GLOBE NEWSWIRE) -- [ABM](#) (NYSE:ABM), a leading provider of facility solutions, is proud to announce its selection as one of *Modern Healthcare's* Best Places to Work in Healthcare 2018. This is the sixth time since 2010 that ABM has appeared on this list, and been recognized as an outstanding employer in the healthcare industry nationwide.

"Our talented associates are engaged and passionate about enhancing the patient experience. ABM is honored to be recognized for the sixth time as a Best Places to Work in Healthcare," stated Dan Bowen, President of Healthcare at ABM. "This, along with our Gallup survey results validate our employee engagement strategies and the programs we have in place. Our dedicated and skilled teams remain committed to pursuing our mission: To Make a Difference, Every Person, Every Day."

Award recipients were judged on eight core areas: overall employee engagement, work environment, role satisfaction, employee / supervisor relationships, culture and communications, leadership and planning, pay and benefits, and training and development.

"Whether on the frontline or in the top office, healthcare employees witness moments that can either inspire or dishearten them. That can take a toll on an individual and healthcare organizations must take extra steps to ensure that highs and lows during the workday don't impact engagement or performance," said Modern Healthcare Editor Aurora Aguilar. "This year's best places to work, voted on by the employees themselves, exemplify what it takes to maintain dedication and satisfaction among its employees and that is the key to good patient care. Congratulations to this year's winners and we look forward to celebrating with you in September."

ABM's Healthcare Group partners with hospital healthcare systems and medical office facilities throughout the United States to improve the patient experience from the car door to the patient room through environmental services, facilities management, food and nutrition, healthcare technology management, laundry and linen, patient transportation, patient sitter / companion, parking, valet and guest services. The Company has thousands of healthcare service specialists - including a number of Certified Patient Experience experts (CPXP) - who help clients deliver the highest standard of patient care, while reducing operational costs, improving HCAHPS scores, and optimizing resources.

Modern Healthcare's Best Places to Work in Healthcare Awards Dinner will be held on Thursday, September 27, 2018, at the Renaissance Dallas during the publication's annual Workplace of the Future conference. *Modern Healthcare* will publish a special supplement featuring a ranked list of all the winners along with its October 1 print issue. A complete list of this year's winners is [available here](#).
