ABM in Brief

ABM Industries Incorporated (ABM) dates to 1909, when Morris Rosenberg invested \$4.50 in a bucket, sponge, mop, broom and brush. He called on proprietors of shops along Fillmore Street in San Francisco, offering to wash windows for whatever they were willing to pay. On his first day, he recovered his initial investment and made almost \$3.50 in profit. In time, the verbal agreements between Rosenberg and the shopkeepers for regular window washing services evolved into ABM as we know it today.

Within a few years, Rosenberg's business expanded to buildings throughout downtown San Francisco. To reflect this expansion, and the addition of a full range of janitorial services, Rosenberg changed the company's name in 1913 to American Building Maintenance Company.

In 1935 his sons, Sydney and Theodore, inherited the company. For many years, they directed the national expansion and addition of other

facility maintenance services.

In 1962, ABM conducted its initial public offering of stock; in 1965 ABM paid its first dividend; and in 1971, ABM stock first traded on the New York Stock Exchange (NYSE).

Headquartered in San Francisco, ABM Industries Incorporated is one of the largest facilities services contractors listed on the NYSE. With revenues in excess of \$2.2 billion and more than 64,000 employees, ABM provides janitorial, parking, engineering, security, lighting and mechanical services to thousands of commercial, industrial, institutional and retail facilities in hundreds of cities across the United States and in British Columbia, Canada.

The ABM Family of Services includes ABM Janitorial, Ampco System Parking, ABM Engineering, American Commercial Security (ACSS), Amtech Lighting, CommAir Mechanical and ABM Facility Services.

Factors That May Affect Future Results. This Annual Report contains some forward-looking statements that set forth anticipated results based on management's plans and assumptions. While it is not possible to predict all factors that could cause the Company's actual results to differ materially from past results or those anticipated, estimated or projected, the risks and uncertainties include the following: (1) A further decline in commercial office building occupancy and rental rates that affects sales and profitability; (2) an increase in costs that the Company cannot pass on to customers; (3) the financial difficulties or bankruptcy of one or more of the Company's major customers; (4) major collective bargaining disputes that lead to the loss of sales or expense increases; (5) strong competitive pressures that inhibit the Company's success in bidding for profitable business and its ability to increase prices even as costs rise, thereby reducing margins; (6) difficulty in preserving long-term relationships with customers; (7) weakness in airline travel and the hospitality industry that adversely impacts the Company's Parking results; (8) a continued slowdown in capital investments by customers that negatively affects the projected sales of the Lighting and Mechanical segments; (9) acquisition activity slows or is unsuccessful; (10) an increase in the Company's accounting and other control costs; (11) an inadequacy in the Company's self-insurance reserves, or the cancellation or non-renewal of the Company's primary insurance policies; and (12) resignation, termination, death or disability of one or more of the Company's key executives. These and other risks and uncertainties are described more fully in the Company's Annual Report on Form 10-K for the year ended October 31, 2003. The Company undertakes no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise. Investors are advised to consult the Company's Annual Report on Form 10-K and any future disclosures the Company makes on related subjects in its Form 10-Q and Form 8-K reports to the Securities and Exchange Commission.
