

One of Illinois' Fastest-Growing School Districts Awards ABM Custodial Contract

July 31, 2018

ABM Education Team to Implement New 'Green' Cleaning System

NEW YORK, July 31, 2018 (GLOBE NEWSWIRE) -- Huntley Community School District 158 has awarded [ABM \(NYSE: ABM\)](#), a leading provider of facility solutions, a custodial contract for its five elementary schools, two middle schools and one high school spread across three campuses.

For the last decade, Huntley has been one of the fastest-growing school districts in Illinois. The District employs 1,400 staff members who provide leading educational opportunities to 9,600+ children in pre-kindergarten through 12th grade. As part of ABM's custodial services, the team will implement a new cleaning system that uses electrolyzed water to replace the standard cleaning chemicals. This new system will enhance the overall sustainability factor within the District and promote the use of a green cleaning custodial program.

"We are thrilled to welcome Huntley Community School District 158 to the ABM family of over 45 school systems in the Illinois market," says ABM Education Business Development Manager Joe Koselleck. "The ABM local and regional management teams will work diligently to implement the service transition this summer and focus on a long-term partnership with the school district and the community stakeholders to provide a healthier, more environmentally-friendly learning environment for the children and staff."

"The school district has a high level of expectations and standards for the custodial services in our district," says Huntley's Director of Operations & Maintenance Doug Renkosik. "We feel very confident in our selection of ABM and look forward to the development of an excellent custodial program."

ABM partners with its clients to create a cleaner, healthier and more attractive learning environment for 500+ K-12 school systems, colleges and universities throughout the U.S. ABM's facilities services expertise includes custodial services, energy management, maintenance services, parking, landscaping and more.
