

ABM Offers Electrical Power Solutions in New Markets

July 9, 2019

NEW YORK, July 09, 2019 (GLOBE NEWSWIRE) -- [ABM \(NYSE:ABM\)](#), a leading provider of facility solutions, announced that it is expanding its electrical power solutions offering into seven new markets: Austin, TX, Columbus, OH, Nashville, TN, Omaha, NE, Philadelphia, PA, Portland, OR, and Tulsa, OK.

“We are building our company’s presence in new markets to support the growing needs of our clients,” said Mark Newsome, President of ABM Technical Solutions. “We look forward to expanding our reach to offer electrical power solutions to new clients and strengthen our relationship with existing clients in these markets.”

ABM offers electrical power solutions to clients to help them ensure the reliability, safety, profitability, and compliance of their facilities. ABM provides electrical testing, maintenance, and full-service engineering services that are focused on managing the life cycle of electrical power distribution systems. The company’s proactive approach is a cost-effective way to manage electrical distribution systems.

ABM’s Electrical Power Solutions business unit was instrumental in founding the InterNational Electrical Testing Association (NETA) in 1972, and ABM is one of the few NETA accredited companies providing expertise internationally. The company’s degreed and certified engineers are experienced in performing specification and maintenance testing in compliance with industry standards. ABM is NFPA 70E compliant to ensure that solutions offered to clients adhere to all published safety guidelines.

Services include:

- Acceptance Testing, Commissioning, and Start-up
- Engineering Services
- Power Quality Solutions
- Reliability Testing and Predictive Maintenance
- Customized Training Programs
- Life Extension and Overhaul Services
- NFPA Compliance
- Arc Fault/Flash Prevention and Mitigation
- Facility System Risk Assessment
- Customized Testing and Maintenance Programs
- Energy Audits
- OSHA CFR 1900 and NFPA 70E Arc Flash Training and Certification
