ABM Launches Chiller Services Group to Meet Growing Demand

ABM Adds Southern California Group to Deliver Complete Energy Solutions

NEW YORK--(BUSINESS WIRE)-- **ABM (NYSE:ABM)**, a leading provider of integrated facility solutions, announced today that its ABM Building Solutions operating unit has launched its new Chiller Services Group in Southern California, expanding ABM's national Chiller Services Group.

ABM's Chiller Services Group provides expert technical solutions for critical environments and large tonnage equipment in a variety of markets across the country. In establishing this new Southern California group, which brings over 50 years of factory certified experience on York, Trane and Carrier equipment, ABM continues to fulfill its objective of being the single-source provider of facility solutions regardless of size, complexity and geographic location.

"In listening to feedback from our clients, we found there is a distinct need in the Southern California market for a facilities solutions provider that can offer world-class chiller services at affordable prices," said Tracy Price, President of ABM Facility Solutions. "To accomplish this, we hired a team of experts that will ensure our clients' facilities operate flawlessly and efficiently. On a broader scale, our Chiller Services Group is yet another way we are building value for each of our diverse clients throughout the U.S. and abroad."

With specialized experience, an extensive skill base, and technical knowledge, increasing the capacity of the Chiller Services Group supports ABM's goal of providing clients with premier chiller solutions to complement its expansive array of facility services. The Chiller Services Group will continue to set the industry standard in energy solutions by bringing vast experience in preventative maintenance, equipment repairs, modernizations and chiller services.
